The Waterford Floor Plan

A floorplan that lets you work hard and play hard.

More than just a home, the **Waterford** is a haven for your family. Room for everyone, everything, and every activity. The large Kitchen boasts a Butler's Pantry that makes entertaining in the Formal Dining Room a breeze. When the company is a group of kids, the Mud Room and Laundry access from the Garage makes it easy to drop off muddy shoes and sports equipment before heading upstairs to two additional bedrooms, one with a walk-in-closet, or the enormous Game Room. Upstairs also offers a Loft area, Full Bath, and large Storage area.

The first floor Main Bedroom boasts a huge walk-in-closet and full bath with his and hers sink. Additionally, there is a Study at the front of the home for late-night work sessions or storing hobby materials.
